At the service in the Jewish synagogue this evening Rabbi Friedlander will preach on practical religion. A most eloquent speaker, Dr. Friedlander always drew a large number of Gentiles to hear him while he was in charge of a congregation in Montreal.

DR. H. B. MARCHANT DIED LAST EVENING

Brilliant Young Victorian Passes Away on Threshold of Promising Career

Dr. Harold B. Marchant, of the Britannia mine, Howe Sound, son of Wm. Marchant, collector of customs here, while leaving the mine on Wednesday morning looked from the car at the wrong moment and his head came in contact with a pillar, inflicting injuries which resulted in his death last evening at Vancouver.

Immediately after the accident he was rushed to the Terminal City on the steamer Francis Cutting and removed to the hospital, where, despite all that medical skill could do, he passed away. He did not regain consciousness, the concussion being so great that his skull was fractured.

The death of Dr. Marchant has cast a gloom over his large circle of friends here. He was a native son, and as he spent the greater part of his life here he was widely known through the city. The late doctor received his early education in Victoria, graduating from the High school with high honors. For some time he taught school on the Skeena river and some years ago left for McGill university, Montreal, to study medicine. This summer he completed his course, there, having passed well up in his class, and returned to the coast to practice. He had been employed on the mainland but a short time.

Profound sympathy is expressed for the bereaved parents and family. A telegram was sent to his father and mother after the accident, and they, with their son Percy Marchant, deputy registrar of the County court, at once left for Vancouver, and were at the bedside at the time of death. There is left to mourn the loss of the sorrowing parents, one brother and a sister, Mrs. McLaren, who resides in Albera.

The remains arrived in this city on the Princess Charlotte this afternoon. No arrangements have yet been made for the funeral.

To-morrow afternoon in Christ Church schoolroom the Ladies' Musical Club will give the second concert of the season. Members are asked to bring their cards. Tickets will be sold to guests at the door for twenty-five cents.

Bringing 42 passengers, including six sailors and a second class, for this port, the P. C. S. S. Co.'s steamship Queen arrived at 2 a. m. to-day from San Francisco. After discharging 144 tons of freight the Queen proceeded to Seattle.

With the fall of the few showers in the last few days there has again been an epidemic of bicycle riding on the sidewalk, with the result that Otto Graham, a youth, appeared to answer a charge in the police court this morning and was fined \$4. There was a large number of names in the hands of the police officers of offenders against the bicycle regulations during the past few days, and these are being summoned to appear in court at the beginning of next week.

The sympathy of the community will be extended to Hon. Dr. Young, provincial secretary, in the bereavement which has just befallen him in the death of his mother, Mrs. Ellen McElin Young, at the advanced age of 87 years, which occurred last evening after a short illness from pneumonia. Deceased was born in Quebec and for some time lived at English River, Que., where her husband was rector. She had resided here for a number of years and made many acquaintances, who greatly regret her death. The remains will be forwarded to Nanaimo to-morrow morning for interment. Dr. Young will accompany them.

DEALERS USE FALSE WEIGHTS

Butte, Mont., Nov. 18.—As a town where false weights flourish among various dealers in foodstuffs, Butte is a topnotcher, according to F. S. Holbrook, of the bureau of standards of the department of commerce and labor, to-day.

Holbrook is touring the western states making investigations to ascertain the extent of the employment of short weights by dealers.

Speaking of his discoveries in Butte, Holbrook said:

"The shortages are enormous, in fact, I never saw anything like it in all my experience."

The public is being fleeced principally on butter although short weights are used in the majority of the stores of Butte, according to Holbrook.

The Victoria Liberal Association will hold a general meeting towards the end of the month.

Douglas Adams, who drives a wagon for Drake & Horne, was injured this morning when he fell between the shafts of the rig and was kicked by the horse. He was taken to St. Joseph's hospital in the patrol wagon and, at the time of going to press was reported to be out of danger.

DIED.
YOUNG—Helen McElin, wife of late Reverend Alexander Young, in the eighty-seventh year of her age. Funeral—Nanaimo—Saturday.

TOO LATE TO CLASSIFY

YATES STREET CORNER, 60 ft. frontage on Yates and 120 on side street. \$50,000; terms \$10,000 cash, balance 1, 2 and 3 years at 7 per cent. To best value on the street. R. D. MacLachlan, Board of Trade Bldg. n18

CANADIAN NORTH PACIFIC FISHING

PROSPECTUS IS ISSUED IN LONDON

Whale Fishing Industry to Be Exploited on a Vast Scale

A recent issue of the Pall-Mall Gazette (London) contains the prospectus of the Canadian North Pacific Fisheries Ltd., for the issue of \$400,000 five per cent. first mortgage debenture stock, which is explanatory to a very large extent of the aims and objects of the powerful syndicate, backed by Mackenzie & Mann, which a few weeks ago acquired the holdings of the Pacific Whaling Company and other large fishing interests on this coast. The "objects" of the company are thus described:

"The company has been formed to consolidate the whale fishing enterprises on the Pacific coast of Canada, and to make possible, by the introduction of additional capital, the full development of whaling and other ocean fisheries already carried on with very profitable results. With this object the undertakings, fishing stations, vessels, etc., of the Queen Charlotte Whaling Company, the Pacific Whaling Company, the Prince Rupert Whaling Company, and of the recently formed Canadian Arctic Whaling Company are being acquired."

"Whale fishing on the North Pacific coast is exceedingly lucrative, and the supply of whales is apparently unlimited. Experienced whalers state that nowhere in the world is such an innumerable number of whales to be seen as off the coast of British Columbia, and, under the conservative regulations of the Dominion government, there is every reason to believe that the whale supply will last indefinitely or in any event for from thirty to fifty years without diminishing."

"The stations, now being acquired are located at Sechart, on Barclay Sound, Kyquoot Sound, on northwestern portion of Vancouver Island, and on Rose Harbor, the southern extremity of Queen Charlotte Island. These three stations are now in operation. An admirable site for the fourth station has been arranged on the northwestern coast of Queen Charlotte Island, and it is in the interest of the company to get this station into operation at the earliest possible date. The North American coast line runs in a southwesterly direction, and it has been found that the line of travel of the whales is almost parallel with the coast line, and that the best whale fisheries are some 30 miles off the coast of Vancouver Island and near to Queen Charlotte Island, where, on account of the very deep waters close to the shore, the whales come very close in. There is practically no whaling in the inside waters, that is, the waters in the straits which divide the islands from the mainland, as on account of these waters being comparatively shallow, the whale do not frequent them. The whales caught in the Pacific ocean are principally hump backs with a small percentage of sulphur bottoms and sperm."

"Whaling operations can best be conducted from four stations, from which the company will be able to use eight steam vessels. Heretofore, only one steamer has been operated from each station. It is necessary to keep a full crew, whether supplied with whales or not, and it has been found that it requires very few additional men to work up the catch of two steamers instead of one, and that this double output will only slightly increase the expense, so far as station men are concerned; the principal additional expense being that of operating the additional vessels."

"In the Arctic ocean bowhead whales are caught; they are very valuable, and will yield on an average about \$10,000 per whale from bone alone. It is the intention of the company to employ two steam vessels in whaling in the Arctic ocean, and endeavor to secure the oil and fertilizer, as well as the bone, oil, as well as bone, received from the bowhead whale is more valuable than that received from the whales which prevail in the Pacific ocean."

"Halibut fishing is also very profitable, and it is proposed that the company shall erect their first halibut station on Rose Harbor, Queen Charlotte Island. This station is located on what are reputed to be the best known halibut fishing banks in the world, and the supply of fish for this station is comparatively unlimited."

"The government of the Dominion of Canada limit the number of whaling

licenses. The company will own eight licenses, each controlling one hundred miles of coast line, and under the present government regulations no additional license can be issued. These eight licenses cover the entire Canadian Pacific coast. The company also owns two licenses controlling the coast of Canada on the British Arctic ocean."

"The company owns the entire and exclusive rights for the Canadian Pacific and the Canadian Arctic coasts to the process of Dr. Rissmuller for the reduction of whales, which process is essential if the whaling industry is to be handled to the best advantage."

"The following will be approximately the position and valuation of assets in the company's books after including the proceeds of the present issue and discharging all liabilities:

Three complete factories, plants, buildings, etc., including 530 acres of freehold land, five steam whaling vessels, boats and equipment \$1,156,000

Ten licenses, covering the British Columbia and Canadian Arctic coasts, and the exclusive rights to the process of Dr. Rissmuller in the manufacture of whale products, goodwill of the business, etc., etc. 2,390,000

Cash in hand, including the profits of the current year, estimated at \$250,000. 954,000

\$4,500,000

"The directors propose to acquire five additional steam whaling vessels, and to erect a halibut station with modern equipment and all necessary boats, dories, tackle, etc., and to acquire steamers and special railway cars, thereby saving a large annual expense now incurred. When this has been done, the directors believe they may confidently expect the following results:

Sales of product of whaling stations \$1,000,000

Sales of product of halibut station 500,000

\$1,500,000

Expenses 500,000

Net profit \$1,000,000

Interest on the present issue will absorb \$100,000

Amount payable to sinking fund based on the above estimate, which is sufficient to redeem the present issue at par in 16 years 90,000

\$190,000

Leaving available for further reserves and dividend \$425,000

"The net profits of the current year, 1910, which will belong to the company, are estimated by the management at \$250,000."

HIGHWAY SCHEME ENDORSED.

New Westminster, Nov. 17.—That the New Westminster city council is heartily in favor of the scheme of a Pacific coast highway was evidenced when it was decided to endorse resolutions passed by the Surrey municipal council, and board of trade asking the government to put the road leading from a point on the Yale road to the international boundary line at Blaine in good repair, so as to connect with the highway being improved through the states of Washington, Oregon and California. A rider was added specifying no particular road in British Columbia and leaving that to the government engineers as Ald. Gilley expressed the opinion that the road suggested by the Surrey authorities was not the best route from New Westminster to Blaine.

The Surrey municipal council and board of trade forwarded to the city a copy of a resolution passed by them, asking that it be endorsed and forwarded to the provincial government. The resolution asked that the government improve the highway from a point on the Yale road to the international boundary line at Blaine in order to put this end of a Pacific coast highway in good shape. Similar action is being taken through the states of Washington, Oregon and California.

RHODES SCHOLARSHIPS.

Organizing Secretary Says Tests May Be Modified.

Vancouver, Nov. 18.—Dr. G. R. Parkin, organizing secretary of the Cecil Rhodes Oxford Scholarship Trust, is here from Los Angeles, and who will leave next week for Idaho, Montana, and later the Canadian prairie provinces stated in an interview:

"There are two scholarships for each state of the American Union. Hitherto several of the states have not been able to furnish men up to the standard we require. I have lately been discussing the American position carefully with their leading educationalists, and they are all agreed that we might attain greater results by some modification of the scholarships. This, however, is a matter which will be decided by the board of trustees, which includes Earl Rosebery, Lord Milner, Earl Grey, Dr. Jameson, Sir Louis Mitchell and Mr. B. F. Hawkesley, a distinguished London solicitor. The seventh member was the late Mr. Alfred Beit, who died three years ago, leaving ten million dollars to back up Mr. Rhodes' ideas in South Africa."

"American students at Oxford tell me that there is no university in the United States where they could get so wide or comprehensive an acquaintanceship with their countrymen as at Oxford, since there are usually two selected students from each state of the Union. I have lately been meeting a large number of old scholars from the United States, and have not met one who is not devoted to Oxford and affirmed that Oxford has something to give Americans which America needed. For one thing, they say everywhere that they wish they could get the British sense of fair play and generosity in sport inculcated into American athletics."

Ninety Americans are to-day attending Oxford under the auspices of the Rhodes trustees.

Many charming Novelties in the Neckwear section

Campbell
"THE FASHION CENTRE"

Many charming Novelties in the Neckwear section

Bright New Dresses

Our centre windows display some charming models in Dresses for street, business or at home wear.

These Dresses are in serges and light weight cloths (not too light for winter wear) and among the colors are: old rose, navy, black and green. Some are styled with delicate lace yokes, with front and back opening.

Winter Golfers

The newest thing in Golfers can be seen, as usual, at "The Fashion Centre." In almost full lengths and waist lengths. Colors are grey, green, red, white, black, navy, cardinal and myrtle. The business girl should not be without one of these.

BARONESS FOUND MURDERED IN PARIS

Body Found in Apartment of Officer of the French Army

Paris, Nov. 17.—The body of the Baroness D'Ambriquet was found today in the bedroom of Capt. Meinel, an officer in the French army, where she evidently had been murdered.

Capt. Meinel has disappeared after sending by special delivery to the police a note telling of the murder and saying he intended to kill himself.

The body was found by detectives who were sent out when Meinel's letter was received at the office of the chief of police. The letter read:

"I have the honor to inform you that I have killed my fiancée. Go and find her. Now that I have had vengeance I intend to kill myself."

Appended were instructions as to where the body of the dead woman would be found. The woman apparently had been poisoned.

Meinel cannot be found, and is believed to have carried out his threat of suicide.

NEW YORK POLICE.

New York, Nov. 18.—The shake-up in the police department predicted ever since Mayor Gaynor took office, came yesterday. The changes made strike at the foundations of the police department and place the entire detective force on a new footing.

Beginning Saturday, there will be no more branch detective bureaus in any of the boroughs except Brooklyn. Detectives no longer report to captains of precincts or to inspectors of districts, but to a lieutenant-captain of detectives who will be directly responsible to the inspector at headquarters in charge of the entire bureau, who in turn is under the second deputy commissioner, William Flynn.

In short, the plain clothes men, the handy men of captains and inspectors, the ready errand runner "for the system," has come to the end of his rope. Detectives will be no part of the present command and will work independently of the uniformed police.

This is the policy of the English detective force, which work under Scotland Yard, a centralized control, and it also is in line with the policy of the secret service in this country.

More than 600 detectives will have to adjust themselves to the new order. They will have nothing to do with gambling, disreputable houses and keeping the streets clean of soliciting, which will be looked after by a special vice squad. Their business will be to run down criminals and nothing else. They will even refrain from making arrests wherever possible, leaving that to the uniformed officer, whose face can become known to the criminal world without impairing his usefulness.

THE WATER PROBLEM.

A correspondent who signs himself "Taxpayer" is apparently still in doubt as to whether or not he should support the by-law to acquire the Esquimalt Water Works. He agrees with the principle of public ownership of utilities, and also agrees that Victoria West, being a part of the city, should receive her supply from the city. This is the crux of the whole situation as it at present affects us. All parts of the city must be on the same footing, and the only way that can be brought about is by buying out the company which at present has a charter to supply that section. The Esquimalt Company has its distribution system already installed. Whether it is a good one or not we do not know, but we do know that in order to get rid of a company which is at present doing the work which the city should do we must buy it out.

In regard to the districts of Oak Bay and South Saanich, as they are at present constituted, it is their business what their source of water supply shall be, but we have to look a little further ahead. It cannot be very many years before Victoria will have grown to such an extent that it will be absolutely necessary to take in the districts of Oak Bay, and the southern part of Saanich. When that time comes, unless the city controls the supply of water, they will be in a similar position to what they are to-day. Every city that has attained any dimensions has had to expand by taking in the surrounding districts. Victoria will do the same. We believe there is no city in Canada which does not control the whole of its water supply, and we see no reason why Victoria should be the exception. The Esquimalt Water Company is no friend of ours. We have opposed it in the past, but when we see the true interests of the city at stake we are not going to let our prejudices against that company keep us from helping the city to buy it out and thus get rid of it. We believe the investors in that company should be paid back all the money they have put into it with the addition of a reasonable rate of interest. This is provided for in the act of the legislature dealing with the arbitration proceedings which we reprinted a short time ago. We feel sure that the city will deal fairly by the surrounding districts which may take water from the city's source of supply. There is no intention of taking advantage of them or making profit out of them. Oak Bay is well satisfied with the arrangement it has with the city, and Esquimalt would, we feel sure, rather have to deal with the city than with the Esquimalt Water Works Company. We believe the citizens will vote for the acquisition of the Esquimalt Company's holdings in such numbers that it will be carried by a substantial majority. At the same time we think it the duty of every man who believes in public ownership of utilities to do all he can to make sure that the by-law shall be carried on this occasion.

LEADERS V. DEMAGOGUES.

"The present generation of French-Canadians has been taught by its leaders of to-day that we owe nothing to England; that although we are in the British Empire we are not of it; that English influence must be combatted at every step, and that we must reap all the advantages of the happy circumstances in which we find ourselves without assuming any of the responsibilities or obligations which such a state of welfare would naturally create." Thus, we are told, Mr. T. Chase Casgrain writes in the Montreal Gazette. The writer of this twaddle must surely have been living in a tub for the past decade or so. Either that or he sets down his thoughts in malice. If ever there was a leader in Canada who advocated and stood for the unity of the people of all races in the Dominion and for loyalty to the Empire, that leader is Sir Wilfrid Laurier. If ever there was a political leader in Canada who fervently appealed to French-Canadians to remember the advantages and privileges they enjoyed as British subjects and the obligations they were under to uphold the Empire in its integrity, that leader is Sir Wilfrid Laurier. The Prime Minister has steadily and determinedly resisted the incendiary elements in Quebec politics which by fanning the flames of racial prejudice and religious intolerance have endeavored to mislead a simple and credulous populace into political by-paths that, if pursued to the end, must have resulted in evil consequences not only to the habitants themselves, but to Canada and the British Empire. Anyone who has followed with an unbiased mind and sound judgment the political events of the past fifteen years knows that what is herein set down is absolutely correct.

The creation of a Canadian navy is the logical sequence of the policy of the Laurier government. It is something Canadians, whether of Quebec or of the English-speaking sections, must after sober and mature thought approve and applaud. They could not do otherwise and retain their self-respect. Canada is rich and prosperous, and is rapidly increasing in population. To continue to rely entirely upon the Mother Country for the protection of our shores and our maritime commerce would be an act of meanness, nay, of pusillanimity, of which we would have good reason to be ashamed. There is no doubt whatever that French-Canadians, once their better judgment is appealed to, will realize this truth just as forcibly as we do. The Bourassa Nationalist movement is but a spasm or gust of passion. This Mr. T. Chase Casgrain and others who think they foresee the possibility of making political capital out of it will realize in due time.

LEGALIZED ROBBERY.

The robbery of the people's heritage in the land of the province still continues. Lands are daily being conveyed to people who have no intention of using them, but who wish to hold them for speculative purposes. At the present time there are in one district of Vancouver Island fifty applications to purchase being advertised in one country newspaper. Each of these applications is for an area of 640 acres of land, and in several instances not less than three members of the same family have made application for a similar amount. In a great many cases the names are lent for the occasion, and on the completion of the purchase the lands are conveyed to one person. In that way one man is able to secure several thousand acres in a single block. He thus owns, freehold, a district which might be the home of hundreds of families. If this is not a crime, we would like to know what is. The curious thing is, however, that the people of this province are willing that this state of affairs shall continue. They have allowed it in ignorance for a long time. There has been no exposure of the methods in vogue, but now that they know, the wonder is that they do not rise in their wrath and demand that some action shall be taken to change such a vicious state of affairs. The government is boasting of the surplus which it has been possible to roll up, and it is from such sources as these that the money has been secured. There is no thought for the future; no effort to make a change.

The fifty people who in one district alone are advertising for permission to purchase will each take 640 acres. This means that in the aggregate they will purchase 32,000 acres of government land. Within a few months this will all be held by less than half a dozen men. A similar state of affairs exists in practically every district in the province. The lands are being taken, legally it is true, but because of the inaction of the present provincial government, who are party to the legalized robbery. We do not blame the people who obtain the land in this way. They have a perfect right to do so. We do, however, blame the government which allows them to continue doing it. It can at any time place a reserve upon the lands, but if this were done friends would not be able to enrich themselves at the expense of the community. The government will eventually reserve the lands for itself, but by the time action is taken there will be little left. We have drawn attention to this state of affairs before, and we intend to do so again until such time as a change is made.

The Union Club is to be congratulated upon its decision to build a new home. It has outgrown the old one which has served it for many years. The Archbishop of York in a recent address to a mass meeting of men referred to Lloyd George as "that great statesman," yet the British Chancellor is a dissenter and a radical. His Lordship is to be congratulated on his discrimination.

Apparently it interests the Conservatives to talk of the time when once they will assume the government of the Dominion. They get pleasure from it, and no one is injured, so it is

just as well for them to continue to amuse themselves. It is contended by some that anticipation is better than realization, so in that they have the advantage over their opponents.

The Judicial Lords are willing to accept Rosebery's plan for their reform. Yet less than a year ago they contemptuously rejected the proposition. Putting the head against the stone wall of public opinion is far from a pleasant pastime, and it may be dangerous.

It has been proposed in Ontario that motor cars shall be taxed at the rate of 50 cents per horse power, the proceeds to be devoted to the improvement of the main roads. In Britain a special tax is placed upon high power machines. In this way it is claimed the number of dangerously high power cars is reduced.

HEALTHY TONE IN REALTY MARKET

Interesting Sales Being Transacted Daily—Activity on View and Yates

The real estate market still maintains its vigorous and characteristic healthy tone. Numerous sales of some importance are being transacted daily. Just at present properties on View and Yates street are appealing to investors to a marked degree. On the former thoroughfare one property has had three distinct owners in the short period of twelve days. This is a lot, with a sixty-foot frontage, situated between Blanchard and Quadra streets. It sold in the first instance for \$7,000, then for \$9,000 and the third time for \$12,000.

P. R. Brown & Co. reports having put through the sale of the Chalmers, Mitchell and Brown block on Yates street, next the Merchants' bank, at a consideration of \$52,000. The property has a frontage of 40 feet on Yates and a depth of 60 feet.

There is considerable activity in the Fairford district where a great deal of building is going on. A number of lots have been sold through J. O. Stinson, of the Fairford real estate office during the past few days. Mr. Stinson also reports having sold a business corner, 60 ft by 60 ft, on the corner of Douglas and Johnson streets, to the National Finance Company of Vancouver, for the sum of \$15,000.

The automobile garage of Messrs. Phillips & Styles, and the site upon which it stands, on Fort street, near Cook, has been purchased for \$18,000.

FLORISTS MEET.

Will Press for a Fertilization Station in Victoria.

Last evening a meeting of the Victoria Florist, Nurserymen and Gardeners' Association was held in A. J. Woodward's store, Fort street. It was well attended and considerable business came up for discussion.

A communication was received from the board of trade asking the society to appoint a committee to co-operate with the fruit-growers' committee and also the committee appointed by the board of trade in gathering information to be presented to both the Dominion and Provincial governments in regard to the establishing of a plant here for the inspection and horticultural plants.

The nurserymen, as well as the fruit-growers, are experiencing great hardships through having to send all the perishable plants to Vancouver for inspection. For the purpose of obviating these grievances the various committees will petition both governments.

A committee was appointed to take up the matter of express rates between central western points and Victoria. One of the members reported that at present the express companies showed discrimination in favor of the east.

CHANGE OF VENUE.

Chicago, Nov. 18.—United States Judge K. M. Landis, to-day granted a petition for a change of venue to the indicted meat packers who faced trial in his court. Judge Landis refused to certify the cases to the United States circuit court, and instead said he would transfer them to the United States district court, presided over by Judge Carpenter. The attorneys for the packers said that such action was unwarranted and protested to the court.

LIBERAL ELECTED.

Halifax, Nov. 18.—Vanblancome (Conservative) was defeated in Digby in the provincial bye-election contest by Allen E. Wall (Liberal) with 277 majority.

"PRINCE OF PILSEN."

The large advance sale for the performance of "The Prince of Pilsen" at the Victoria theatre on Monday evening gives promise of a crowded house for this popular attraction.

The management committee of the police ball announces that several articles were found on the premises at the night. These can be had by the owners applying at the detective office for them. The committee also announces that all accounts due by the ball committee should be rendered to the secretary as soon as possible, and immediately payment will be made.

AVIATOR IS INSTANTLY KILLED

RALPH JOHNSTONE FALLS THREE HUNDRED FEET

Plane of Aircraft Crumples When Birdman Attempts a Sensational Glide

Denver, Colo., Nov. 18.—In spite of the death of Ralph Johnstone, which abruptly ended yesterday's performance at the Overland aviation field here, the meet went on to-day.

Archie Hoxsey, boss chum of the dead aviator, was at his hangar bright and early, and with his aeroplane, a duplicate of that in which Johnstone was killed, sprang into the air shortly after the opening signal was given.

Hoxsey was deeply affected by the death of Johnstone, but he declared he had become "inured to such things" through long flirting with a similar fate himself.

"It's like a football game or an automobile race," he said. "You go on the field with your friends, and the next thing you know one of them is carried off. But the game does not stop except for a few moments. We fellows must not allow such things to prey on our minds or we would lose our nerve and would either have to stop flying or be killed ourselves."

Johnstone was killed when he fell from a height of 300 feet into the enclosure at the aviation field.

Fresh from his clumps at Belmont park, where he had broken the world's record for altitude with a flight of 9,714 feet, Johnstone attempted to give the thousands of spectators who stood with craned necks to watch him an extra thrill which his most daring feat, the "spiral glide" which had made the Wright aviators famous. The fatal flight was the second Johnstone had made this afternoon.

In the first flight, when he was in the air with Hoxsey and Brookings, he had gone through his programme of dips and glides with his machine apparently under perfect control.

Then Johnstone rose again, and after a few circuits of the course to gain height, headed toward the foothills. Still ascending, he swept back in a big circle, and as he reached the north end of the enclosure he started his special glide. He was then at an altitude of about 300 feet. With his planes tilted at an angle of almost 90 degrees he swooped in a narrow circle, the aeroplane seemingly turning almost in its own length.

As he started the second circle the middle spur which braces the left side of the lower plane gave way and the wing tips of both upper and lower planes folded up as though they had been hinged. For a second Johnstone attempted to right the plane by warping the other wing tip. Then the horrified spectators saw the plane swerve like a wounded bird and plunge straight toward the earth.

Johnstone was thrown from his seat as the nose of the plane swung downward. He caught on one side of the wire stays between the planes and grasped one of the wooden braces of the upper plane with both hands. Then working with hands and feet he fought so that their surfaces might catch the air and check the descent. For a second it seemed to the white-faced spectators under him that he might skid, for the football helmet he wore blew off and fell much more rapidly than the plane.

The hope was only momentary, however, for when only about 300 feet from the ground the machine turned completely over and the spectators fled wildly as the broken plane with the aviator still fighting grimly in its mesh of wires and stays plunged among them.

Jugs, Pitchers, Creamers, Coffee Pots, Milk Pitchers, Sauce Pans and Cake Tins—blue and grey—all standard makes! Special, each 10c

Every thrifty shopper should attend this sale.

DAVID SPENCER, Limited

completely over and the spectators fled wildly as the broken plane with the aviator still fighting grimly in its mesh of wires and stays plunged among them.

Scarcely had he hit the ground when sensation-made men and women swarmed over the wreckage fighting with one another for souvenirs of the terrible accident.

One of the wooden stays had thrust its jagged end almost through Johnstone's body. Before doctors or police could reach the scene one man had torn the splinter from the crushed and mangled body and ran away carrying his horrid trophy with the aviator's blood still dripping from its end. Frantic the crowd tore away the canyons from over his body and fought for the gloves that had protected Johnstone's hands from cold.

The machine fell on the side of the field away from the grandstand and there were but a few hundred near the spot, but physicians and police were rushed across as soon as possible. Physicians declare death must have been instantaneous, as Johnstone's back, neck and both legs were broken.

A few minutes after Hoxsey ascended to-day, Johnstone's body, accompanied by Walter Brookings, was put on a train for Kansas City, the home of his mother.

J. C. Mars, with his Curtiss machine, arrived here this morning to substitute for Johnstone and Brookings. Despite the general feeling of depression caused by the tragic death of Johnstone, a big crowd was present at Over-

land park, where the meet is being held, when to-day's performance began.

Took Too Many Chances.

New York, Nov. 18.—Mrs. Ralph Johnstone, widow of the aviator killed at Denver yesterday, started for Kansas City to-day to attend the funeral of her husband. Before leaving she said that Johnstone's ambition was to attain an altitude of 10,000 feet, and he had hoped to establish records at Denver. Johnstone made his first aeroplane flight last May.

Wilbur Wright was greatly moved as he discussed Johnstone's death.

"Ralph was a fine fellow," he said; "clean cut, honest and straightforward. His only weakness was that he would not permit any one to beat him; he was dissatisfied with equalling another's achievements; he wanted to excel." When Johnstone and Hoxsey started for Denver I lectured them, good, and they promised not to take any foolhardy risks.

"One trouble with Ralph was that he would not keep within the limits of safety. Instead of making a turn in ten seconds, which would be safe, he would make it in five, thus risking his neck."

"The boys, especially Ralph, are not sufficiently experienced to realize that they must keep on the safe side. Ralph was the quickest pupil we had, but he took too many chances and many times my heart was in my mouth while watching him."

—The British Campaigners' Association did not hold the regular monthly meeting last night. The date of the next meeting will be announced.

TRADES AND LABOR COUNCIL

Plasterers Have Been Organized and Charter Applied For—The Striking Machinists.

At the regular monthly meeting of the Trades and Labor Council, the chairman of the organizing committee reported that the plasterers had been organized and a charter applied for to the Operative Plasterers' International Association of Canada and the United States.

It was decided that the Labor Council executive committee shall immediately take steps to render assistance to the striking machinists. It is likely that a musical entertainment will be arranged to this end.

Secretary Sivert reported that fully twenty unions have decided to send representatives to give evidence before the Royal Commission on Technical Education, which will sit in Victoria on December 2 and 3.

On motion of Delegate Phil R. Smith a resolution was passed favoring government ownership of drydocks and shipbuilding yards and opposing any bonus to private companies. Copies will be forwarded to the Dominion government and to all Trades and Labor Councils throughout Canada.

BUILDING TRADES UNIONS

Probable That Seven of Local Organizations Will Amalgamate at an Early Date.

It is likely that at an early date there will be an amalgamation of seven of the building trades unions of the city. Preliminary steps to this end are already well under way and at a meeting held last evening in Labor Hall it was decided that their next meeting each of the unions to be represented shall name delegates to attend a convention on December 1. A charter will be sought from the Building Trades Branch of the American Federation of Labor.

At the meeting last night Organizer Eastman, of the Brotherhood of Carpenters, of Vancouver, announced that J. C. Flett, the general Canadian organizer, will be here to organize the Carpenters' union. It was arranged to have Mr. Flett confer with the building trades delegates on Monday evening next.

BLVDEN CO. TO-NIGHT.

To-night and to-morrow night the Huron L. Blyden company will present that screamingly funny comedy "Brown's in Town." This is one continual laugh from start to finish, and is a play which suits this excellent company very well indeed. This will be the last opportunity that the Victoria public will have of seeing Mr. Blyden and his associates as they leave next week on an extensive tour of the States and Canada.

The play which they present to-night and to-morrow is one of the cleverest comedies written, and patrons of the theatre can look forward to spending a thoroughly enjoyable evening.

There will be a special matinee on Saturday afternoon for the youngsters.

This evening at 8 o'clock a meeting of the committee of the Victoria Poultry and Pet Stock Association will be held in Sylvester's feed store, Yates street, when matters in connection with the annual show will be discussed.

MUSIC RECEIVED

These are a fine list of Christmas music. Ask to hear:

The members of the late committee of citizens dealing with the water questions are meeting at the board of trade rooms this afternoon to discuss the proposed water by-law.

Mrs. J. Macdonald Fahey, formerly of this city, was a soloist at the first concert this season of the Toronto Symphony orchestra in Massey hall, Toronto, on Saturday evening last.

A special meeting of the school board was held yesterday afternoon, when the preliminary plans of the proposed new school, to be erected at the corner of Bank street and Leighton road, were again considered. D. C. Frame is the architect.

E. Price, formerly manager and proprietor of the Lakeside hotel at Cowichan Lake, has purchased the Buena Vista hotel at Cowichan Bay, and henceforth will manage that well-known up-island resort.

The special services in Strawberry Vale Methodist church, at which Rev. S. C. Rees, Pasadena, Cal., is to assist, will commence at 10.30 a.m. and 7.30 p.m., on Sundays, and at 3 p.m. and 7.30 p.m. during the rest of the week.

Building permits have been issued to Herbert Bunting & Son, for a dwelling to be erected on Chamberlain street, to cost \$2,500; to J. A. Griffith, dwelling on Oscar street, to cost \$1,800; to B. A. Horn, dwelling on Simcoe street, to cost \$1,600; to Charles H. Buckingham, greenhouse on Cecilia street, to cost \$500.

Wong Fung, died at the Chinese Benevolent hospital on Wednesday evening and his remains were interred in the Chinese cemetery yesterday. The man was taken suddenly ill a few days ago while on his way from Vancouver to this city to take passage on the next outbound steamship for the Orient.

The Victoria concert band, formerly the city band, will give its first Sunday evening concert at the Victoria theatre next Sunday, commencing at 8.15, under the direction of Conductor F. R. F. Assisting the band will be Mrs. R. H. Pooley, Thos. Price and M. P. Walter, with Professor Claudio, violinist, Mrs. Lombard will act as accompanist.

ST. JOSEPH NURSES GRADUATE TO-NIGHT

Five Young Ladies to Receive Diplomas at St. Ann's Academy

The entertainment to be given this evening at St. Ann's Academy will begin at 8 o'clock sharp. Tickets may be presented to door-keepers, either at the Humboldt street or the Hayward avenue entrances. The matinee tomorrow afternoon will commence at 2 o'clock. Refreshments will be served immediately after the evening entertainment, as well as before, during and after the matinee of Saturday. The sisters ask that children attend the matinee tomorrow instead of this evening. The programme will include vocal and instrumental music, choruses, pantomimes and tableaux, and a pretty drill.

Following the concert the graduating exercises of the class of 1910 of St. Joseph's Training school for nurses will take place. The following young ladies will receive their medals and diplomas: Nurse May P. Davidson, Anna M. Gillis, Edith M. Whitney, Catherine A. Hubie and Pauline E. Feker. Nurse Gillis will be the valedictorian of the class.

ST. ANDREW'S CHOIR

Concert to Be Given This Evening in Schoolroom.

In the schoolroom of St. Andrew's Presbyterian church this evening, commencing at 8.15 o'clock, a miscellaneous concert will be given by the members of the choir, assisted by several well known local artists. Vocal solos and duets will be rendered by Mr. and Mrs. Alfred Codd, Mrs. Jesse Longfield, Miss Beek, D. Angus and William Melville, and instrumental selections by Miss Polson, J. Corkie, Jesse Longfield and E. J. Hearn.

The choir will render a number of glees, by Mendelssohn, Schubert, Webbe, Macfarren and Fanning. Jesse Longfield will be conductor and Miss Polson will act as accompanist.

\$2000.00 IN PRIZES for an Epigram

We are authorized by Keller Manufacturing Co. to offer 85 prizes amounting to \$2000.00 for an Epigram of only six words to be used as a permanent feature in advertising the famous quiet running

Santo Vacuum Cleaner

There are 73 cash prizes ranging from \$500 for the first prize, \$250.00 for the second, and so on—the smallest being \$5.00. Two Santo Electric Cleaners and 10 Santo Hand Power Cleaners will also be awarded—and

We will have a voice in deciding the winners.

December 15th—in time for your Xmas uses. We have consented to serve on the committee of awards.

Particulars Free Write or call at once for particulars and booklets free of charge. Let us show you the Santo and explain its superiority—why it is used by the United States and Foreign governments, and thousands of homes and business concerns in preference to all other Vacuum Cleaners.

You don't have to buy a Santo or anything else to win a prize but you should fully inform yourself about the Santo before you can write a suitable epigram. A few minutes thought may enable you to win the \$500 prize.

This fascinating contest will close promptly on December 1st and the prizes will be awarded and paid

MRS. J. E. ELLIOTT

A Copy of a Letter Written to a Citizen of Victoria

Calgary, October 11th, 1910.

DEAR SIR:—Your letter of September 23rd was presented to the Council at its meeting last night, and I am instructed to reply thereto.

Worswick Paving Co.'s roads have proved a success in this City. The first pavement laid by the Company was in 1908. This pavement is apparently better and firmer to-day than the day it was laid. The conditions under which the road was done at the time were not the most favorable. Excavations had been made on the street just previously for sewer, water connections, etc., and consequently it was not in the most satisfactory condition to receive the work.

The citizens generally are satisfied with this pavement, which is shown by the fact that many petitions by property owners on various avenues have come in this year requesting the Council to have these pavements laid on streets and avenues fronting their property. So many petitions were presented that it was found impossible to grant all and a number are waiting now for approval by the Council of next year.

The Company has laid pavements as follows:—
1908—8000 Square Yards.
1909—43000 Square Yards.
1910—80000 Square Yards.

This pavement is laid with a 4in. concrete base, 1 1/2 in. binder and 1 1/2 in. mastic wearing surface.

The City has also Bitulithic pavement, Granitoid pavement laid by the Rudolph S. Blome Co., and Wood Block pavement.

The general opinion of the citizens is favorable to this asphalt pavement if we can judge from the petitions that are presented from them.

We have had but one petition during this year for Bitulithic.

The Granitoid is a strong pavement but very hard. Wood Block pavements are very much more expensive. If any further information is desired respecting this matter I will be pleased to furnish it at your request.

I am, yours sincerely,
(Signed) W. D. SPENCE, City Clerk.

A Boy in a Toronto School

on being asked to define the word "responsibility," said, "Well, my bloomer pants have got two buttons on; if one should come off the other would be responsible for the pants." If you're a bachelor, doubtless, you don't feel so responsible. You don't have to worry about what sort of a story which may not agree with the one you told the night before.

Even if you returned home late last night, perhaps you were not particularly embarrassed to find the latch-key wouldn't fit because 'twas somebody else's door.

But whether benedict or bachelor, remember you are responsible for other people knowing you by the company you keep. The company you keep is known by the breakfast you can't eat the morning after.

You should let G. H. Murm & Co. be responsible for you. There are no bad after effects after "Extra Dry." Order the bottle with the pink capsule—none other genuine. Pither & Leiser, Wholesale Agents.

TRANSFER GAME TO NORTH WARD

JAMES BAY GOES TO
WORK POINT GROUNDS

Teams Which May Play To-morrow in Continued Soccer Schedule

Work Point Barracks playing field will be the scene of the principal soccer match in the Victoria and District Association football league to-morrow, where the James Bay and Garrison teams play for the third position in the league. The Garrison has a better percentage at present, because it played six games to seven played by the James Bay team. J. R. Allen will referee.

Another good hard game will be played at the Canteen grounds between Esquimalt, which was badly beaten last Saturday by Victoria West, and the Empress. On the play shown last week by Esquimalt the Empress club has a chance to secure a win to-morrow. The referee is H. A. Goward.

The Foresters and North Ward elevens have been transferred from Oak Bay park to the North Ward park. R. Locksley will referee. This morning E. Christopher, of the North Ward club, arranged for the North Ward second division game to take place at North Ward park also, to commence at 2 o'clock. The Rugby

match at Oak Bay has caused the change.

North Ward has only a two-point lead in the second division of the soccer league, with Baraca second. North Ward second division play the Regiment to-morrow, and will probably add two points to their lead. Baraca, against Esquimalt, has every chance of holding its own and retaining second place, but the Esquimalt boys may spring a surprise. If they should, and Beacon Hill teams will change places once more in the list, with the Hills going to second place.

The James Bay club has selected the following players to meet the Garrison: Lefevre, Lawson and Lorimer, Shanks, Ismay and Ferris, Todd, Fairley, Gerard, Connell and Houston.

The Oak Bay team which plays in the second division against Victoria West second team at Beacon Hill will have the following team: Clarke, Shanks and C. McDonald; Malcolm, Hopkins and Emsaway; Ferris, McHugh, McDonald, Todd and McKeown. Reserves, Gravin, Market and Pettigrew.

The North Ward team to play the Foresters will consist of Dougan, Crawford, McDonald, Taylor, Bryn-Johnson, A. Dakers, McCarter, Muir, T. Peden, J. Dakers and Baker.

The North Ward second division team will be Baines, Noel, Pike, Hall, C. Hall, McDougall, McGregor, McNamara, Sweeney, Howden and Muir. The following team will represent the Baraca Football club against Esquimalt, at Beacon Hill at 3 o'clock: Cooper, Middleton, Bishop, Pomfret, Sheritt, Hibbets, Middleton, Warner, Bickwith and Heath.

The North Ward juniors, in the game against Hills school, at the North Ward park, will be chosen from the following: P. Humber, G. Wolsey, P. Duncan, L. McKenzie, R. Wolsey, M. Finland, P. Hole, M. Hill, F. Sherrett, S. Dinahale, P. Walker, J. Cummings, C. McMillan and J. Jones. Players are requested to be on hand at 1.45 p.m. The game starts 2 p.m.

SATURDAY'S SPORTS.

Rugby.
Victoria and Nanaimo at Oak Bay park.

Soccer Football.
First division — Garrison and James Bay, at Work Point; Esquimalt and Empress at Canteen ground; Foresters and North Ward, at North Ward park.
Second division — Oak Bay and Victoria West; Baraca and Esquimalt; Beacon Hill and Garrison; North Ward and Fifth Regiment.

Junior division — North Ward, and High School.

Hockey.
James Bay and Vancouver at Royal Athletic park.

NEW SPALDING PUBLICATION OUT

The Official Handbook of the Inter-Collegiate Association of Amateur Gymnasts of America for 1910-11 has just been published in the Spalding Athletic Library. It is edited by Percy R. Carpenter, of Amherst College, and contains complete records of the Intercollegiate meets since 1895 and the official rules governing apparatus, the work of contestants, coaching, order of events, prizes, etc. The constitution and by-laws are given and a review of the season of 1910. The latter contains the events gymnastically in the college world and will be found very interesting.

Cats are greatly venerated in Persia. The feline friends of the Shah number fifty, each having its own attendant and a special room for meals.

STUDENTS' SPORTS TO-MORROW MORNING

The George Jay and High school students will hold a sports gathering at the Royal Athletic park to-morrow morning, when the teams from the boys' classes of either school will meet in a soccer football match, and teams from the girls' classes will meet at hockey.

The boys' game is in the under-sixteen schools league, and will be started at 9.30 a.m. The hockey girls will take the field over for their game at 10.30.

HUNT CLUB'S SECOND CHASE TO-MORROW

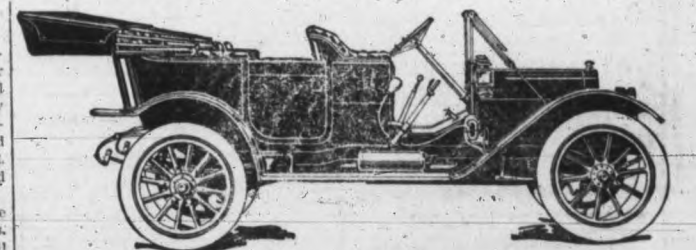

Paper Trail Will Be Followed, Terminating in Vicinity of Four Mile House

Once again the members of the Victoria Hunt Club will join in a paper chase to-morrow afternoon. This will be the second run held by this newly organized body, and all those who intend to participate in it are requested to meet at the residence of Hon. C. E. Pooley, corner of Lamson street and Esquimalt road, at 2.15 o'clock.

The course, outlined for the chase provides a long run for the riders. Leaving the meeting place they will cross the Transfer field, where a number of hurdles will be met, past the naval hospital, and on through the fields skirting the Four Mile house. It is expected that all those who took part in last Saturday's run will be present to-morrow, as the initial chase was throughout enjoyed by them. Major Bennett, the secretary, again issues an invitation to any other horsemen or horsewomen who are not members of the club, to attend.

RAINBOW MAN ON
THE RUGBY TEAM

Referee Will Not Be Selected
For Match Until Teams
Reach Ground

The Victoria team to play Nanaimo tomorrow at Oak Bay will take the field as already announced, with perhaps one exception. Hodges, the forward player, who takes the place of Sholto Gillespie, had this morning not given his final acceptance of the place, but he will be seen this afternoon and asked to play.

The new man is an officer on H. M. C. S. Rainbow, and comes with considerable credit for past performances as a Rugby forward. The committee of the Rugby union have requested him to get into the red jersey to-morrow and will press the place on him again this afternoon, but aside from this one position the team is asked to take the field as announced. Scott, the other forward, who plays in place of Leo Stearns, is a James Bay club man who is making his debut in first grade inter-city rugby here. He is a young player and has given a good account of himself in the club practice matches.

The referee for the match is not yet chosen. A. D. Scott is not certain that he can officiate, and the matter will therefore be left in abeyance until the arrival of the Nanaimo team here to-morrow. A list of names will be submitted to the visiting team and the selection made.

Admission to the game to-morrow has been fixed at 25 cents for ground and grand stand inclusive. This announcement was issued from the Rugby headquarters this morning.

JOHNSON'S HEALTH
IS BREAKING DOWN

Negro Champion Suffering
From the Strain of Hard
Work

(Times Leased Wire.)

Chicago, Nov. 18.—Reports that Jack Johnson had broken down at Lowell, Mass., caused no surprise among the friends of the colored champion in Chicago. They have been expecting just such a collapse, for a long time, they say.

That the next time Johnson fights there will be a new heavyweight champion also is the prediction of those who know him. Jack has not been taking the best of care of himself and, coupled with the strain of his "theatrical" work, this has affected his general health.

Johnson is scheduled to arrive in Chicago Saturday, and preparations for a reception are being made by the negro colony.

CUP-TIE SOCCER
LEAGUE STARTING

Schedule for New Year—Offi-
cials Disqualify Dutot for
Rest of Season

In view of the popularity of Associa-
tion football in Victoria this year, and
the closing of the season in the city
league on Christmas Eve, the clubs
which have not been successful in ob-
taining representation in the Island
soccer league are proposing to continue
the games after the city league closes,
and at the Victoria and District league
executive meeting held at the Y. M. C.
A. rooms last night the matter was
brought forward by Delegate Lewis
from the Empress club.

The proposal is to play a cup-tie com-
petition for teams in the city of Vic-
toria, and it was announced that the
schedule would be played under the
auspices of the V. and D. A. F. L., which
the delegates present approved.

The object of the new departure is to
give sport to the soccer players for the
first few months of the new year, as all
cannot be accommodated in the Island
league teams. The announcement was
made that a cup would be offered and
that the organizers of the new schedule
would proceed right away to arrange
matters on a definite basis.

The other business before the meet-
ing was the referee's report on the
North Ward and Fifth Regiment match,
dealing with two players, Dutot, of the
Regiment, and McInnes, of the North

Ward club. Repeated roughness was
shown on the part of the member of the
Regimental team, and the league ordered
his disqualification from the league for
the remainder of the season. McInnes,
of North Ward, who was not the ag-
gressor in the arguments, was given a
caution.

DECLARES ARMY
IS INADEQUATE

U. S. Officer Would Have Quar-
ter of Million Men in
Training

Toledo, Ohio, Nov. 17.—The stand-
ing army of the United States is in-
adequate, according to Major-General
Frederick Grant, who is in Toledo.
Grant declared emphatically that the
regular force is too small to meet any
contingency that might arise.

"We should have 250,000 men in
training at all times," he said.

General Grant does not believe that
recent disturbances on the Mexican
border will have any lasting results.
There is no chance, he said, of serious
differences between Mexico and the
United States.

LEMIEAUX ACT HAS
BEEN SUCCESSFUL

Thirty Labor Disputes Referred
to Department During
Year

Ottawa, Nov. 18.—The annual re-
port of the department of labor,
which has been presented to parlia-
ment, shows that the administration
of the Industrial Disputes Investiga-
tion Act was a leading feature of the
department's work during the past
fiscal year.

The number of disputes dealt with
during the year, under its provisions
was thirty and the total references
under the act since its enactment was
eighty-two.

"With this added experience of the
act," the deputy minister observes,
"there is no reason to depart from the
conviction expressed in former years
regarding the effectiveness of the
measure in the adjustment of indus-
trial disputes, while on the other hand
there is abundant evidence that the
principles on which the act is based
are obtaining, continually, a wider
recognition both in Canada and else-
where."

Statistics collected by the depart-
ment as to industrial accidents show
that during 1909, 1,279 fatal, and 2,708
serious, non-fatal accidents occurred
throughout Canada, an increase of
seven fatal and 441 non-fatal acci-
dents over the previous year.

When 1,353 fatal and 2,752 non-fatal

"LADIES' WEAR" STORE

New Ideas In Women's
Wearing Apparel

Today's additions to our splendid showing of Ladies' Wear only emphasize our suprem-
acy, both as to high quality and reasonable prices. Recent arrivals, many of which will make
their initial appearance today, are remarkable for their authoritative style ideas. The suits,
especially, deserve special mention. The materials include chiffon broadcloths; the new, soft,
lustrous, zibeline; fine French serge, boucle or ratine—two of this season's novelties; Eng-
lish tweeds, etc.; the styles possess the smartness usual to plain-tailored effects. Some are
trimmed with several widths of Hercules braids, fancy buttons to match, hand embroidery
on collar and sleeves.

Silk Petticoats

A special showing of Silk Petticoats, in soft taffeta, beautifully made and fin-
ished, with deep flounce, black and all colors. \$4.50

LADIES' OUTFITTERS

713-715 Yates Street

Just above Douglas St.

Try the New Co.

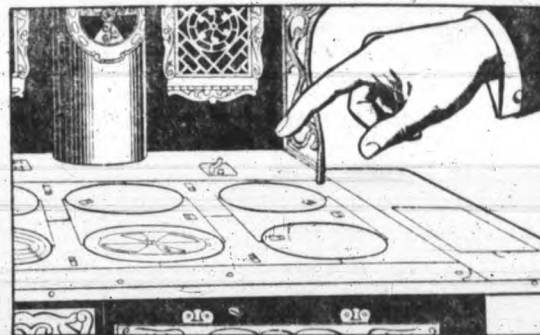

the ages of twenty and twenty-five; on
the other hand the women in the Con-
tinental capitals marry earlier than do
those in London.

The favorite age at which a London
girl marries is twenty-one. In 1908
no fewer than 14,899 girls of that age
were married. One girl under sixteen
was married to a boy of twenty. Of
23,449 London marriages recorded in
1908, 24,000 were those of persons be-
tween the ages of twenty and twenty-
five. One girl of twenty married a
man of fifty, and in two cases of
brides of that age, the husband was
forty-five.

After a woman reaches the age of
twenty-five her prospects of marriage
decline, and at forty-five a spinster's

chances are almost nil. In 1908 only
118 of that age were married. Widows
are more in favor, for forty-three of
twenty-one years of age were re-mar-
ried to bachelors, mostly under thirty-
five. The best re-marriage age for
widows would appear to be from thirty
to thirty-five. One widow of seventy-
eight re-married a bachelor of her own
age, while a bachelor of seventy-five
secured a widow of forty. There is also
a case recorded of a widower who en-
tered upon his second marriage venture
at the age of nineteen.

A million common bricks, if piled
without mortar, would make a cube
measuring about forty feet in each
direction.

SHOE EXPENSES REDUCED AT WATSON'S.

NEW G. T. P. OFFICE WELL UNDER WAY

Passenger Building Will Be a Neat Structure and Well Arranged

Work is progressing rapidly on the new G. T. P. building at the approach to the steamer bridge on Wharf street. The building will be 46 feet by 35 feet, two storeys in height and built of

brick and broken stone. The plans for a wide entrance from Wharf street, swing doors opening into a spacious hallway running to the dock end of the structure and connecting with the overhead way leading to the steamer berths.

On the right from the entrance will be a long ticket counter extending 21 feet, while on the left there will be a commodious general waiting room connecting the lavatories and a ladies' waiting room. A private office for the passenger agent is also provided. The office of the freight department will remain in the present quarters at Pier B. No expense will be spared to make the interior of the new building modern in every particular and the accommodation for travellers or others awaiting steamers will be of the best.

LONG-STANDING SUIT IS AT LAST SETTLED

Executors of Estate of Late R. F. Jackson Reach Agreement

A settlement has at last been reached in the long-standing action instituted by the executors of the late R. F. Jackson, K. C., vs. Drake,

Jackson & Helmecken, the suit now agreed upon, it is understood, being the same offered by H. D. Helmecken, K. C., to his late partner on the dissolution of the partnership some years ago, and before the suit was instituted, but which was refused.

When the suit first came to trial the firm was successful in its defence before Mr. Justice Martin and succeeded also in maintaining the learned judge's decision before the full court, consisting of Mr. Justice Morrison, Mr. Justice Irving and Mr. Justice Duff, who unanimously concurred in the decision after deliberation. Both judgments were reversed by the Supreme court of Canada, to which the plaintiffs appealed.

Col. A. W. Jones, who is one of the executors and plaintiffs, since his return from the Old Country has suc-

ceeded in effecting a settlement with Mr. Helmecken, the surviving member of the oldest-established of British Columbia legal firms, whereby the judgment is satisfied in the manner indicated above and the registration thereof cancelled.

RENEWED DEMAND.

Steamships Fixed to Carry B. C. Coal to West Coast of Mexico.

San Francisco, Nov. 17.—The Norwegian steamship, Herm has sailed for the Sound under charter to the Robert Dollar company, to load coal at Comox for Mexico. She is under time charter and will return to the Sound after delivering her cargo.

From present indications there will be a renewed demand for northern

coal on the part of Mexico. Henry Lund & Co. have fixed a steamship for this business on time charter for one or more trips. The British steamship Northumberland, now due at Redondo from Japan, is the fixture, and it is likely that the Robert Dollar company will place one or more chartered vessels in this business.

The annual rainfall at Capetown is 30 inches, as against 26 inches in London.

DR. A. W. CHASE'S CATARRH POWDER 25c.
Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower free. Accept no substitutes. All dealers or Edmondson, Bates & Co., Toronto.

DR. MARTEL'S FEMALE PILLS

Seventeen Years the Standard prescribed and recommended for women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

A Chest of Silver The Gift Incomparable

There is probably no other gift which represents so much genuine utility and permanence and to which the memory of the giver so ardently clings as a chest of silver.

And particularly is this true if it comes from the house of Challoner & Mitchell, Limited—for all our silver is of a standard of fineness exclusive with us.

\$108 to \$500

What a range of prices to choose from, but such a range is what we have for chests of sterling silver flatware. As to designs, we carry in stock the following: Louis XV, Newcastle, Stratford, Norfolk, Strasbourg, Old French, Violet and Lancaster. Some of our patterns are made especially for this house.

The boxes in which our flatware is cased are in massive oak.

PATIENT FAILS IN HIS DAMAGE SUIT

Successfully Cured of a Deformity, He Yet Takes Action Against Surgeon

A legal action of a peculiar nature occupied the attention of Mr. Justice Clement and a common jury yesterday. Albert Colin sued Dr. W. Bapty for damages, the case arising out of an operation which was entirely successful.

Plaintiff alleged that by reason of statements made to him by the doctor he was induced to undergo an operation for flat foot. The operation was quite successful, which plaintiff did not deny, but he alleged that defendant had informed him that he would be able to work in six weeks, whereas he had not yet been able to go to work.

After hearing the evidence, the addresses of counsel and the summing-up of the judge, the jury retired and returned with a verdict to the effect that defendant had unintentionally stated to plaintiff that he would be able to walk in six weeks.

"Gentlemen, I do not know whether you intended to do so," said his lordship, "but your verdict means a verdict for the defendant. If his statement was unintentional he has succeeded in this trial."

Judgment was accordingly rendered in favor of Dr. Bapty, with costs.

J. A. Alkman represented the plaintiff and C. F. Davis the defendant.

NEW SAWMILL

New Westminster, Nov. 17.—A new sawmill is just being completed for the Bailey Lumber Company at Port Hammond. It is of modern construction and when the two boilers are working at full pressure it will have a capacity of 25,000 feet per day. The initial cost will be \$25,000, but J. A. Bailey, manager of the company, expects that in the course of a year a planing mill, lath mill and dry kilns will be erected at an expenditure of another \$15,000.

The new mill is located in the townsite of Port Hammond, and has transportation facilities both on the Fraser and on the C. P. R.

DEMURRER OVERRULED

Tacoma, Wash., Nov. 18.—Judge Donworth in the Federal court yesterday sustained the demurrer of the government to the plea of abatement made by C. D. Hillman, the Seattle millionaire, indicted in connection with real estate transactions.

Judge Donworth will give his reasons for sustaining the demurrer next Monday. At that time he will listen to arguments by Hillman's attorneys to quash the indictments remaining. Should Hillman lose his plea to quash he will have to stand trial on the charges of fraudulent use of the United States mails in connection with his enterprises.

FREIGHT TRAIN WRECKED

Nelson, Nov. 17.—A freight train wreck near Kitchener delayed the west bound train five hours. Box cars were taken from Creston to the scene of the wreck and the passengers were transferred to them and brought to Kootenay Landing. Five freight cars loaded with coal were derailed and three fell into a ravine. The track was badly damaged.

SECOND POLICE BALL A SUCCESS

BRILLIANT SOCIAL
EVENT LAST NIGHT

Dancing Continued Until Three
This Morning—Eight Hundred
Guests Attended

The second annual police ball was held last night at the Women's building on the Fair grounds under the patronage of His Honor, Lieutenant-Governor T. W. Patterson, and some eight hundred guests. The ball was undoubtedly a brilliant success, the decorations being carried out with great credit to the decorations committee, special attention having been given to detail. The convenience of guests was studied and every preparation made for their comfort. From the gates to the building was erected a covered-in walk with board floor and electric lights, enabling the patrons of the ball to reach the cloak-rooms without the slightest danger of damage to the many expensive costumes worn.

The opening dance on the programme was the lancers, in which the following participated, and led the dancers: Lieut.-Governor Patterson and Mrs. J. M. Langley, Chief of Police J. M. Langley and Mrs. Patterson, George Jay and Mrs. B. P. Schwengers and H. J. Musket and Mrs. W. H. Handley.

Dancing was continued until 3 o'clock this morning. A special transportation service arranged by the B. C. Electric Company, provided cars sufficient to return the guests to the city and thence transfer them to the lines leading to their respective districts.

The floor of the Women's building had, under the direction of Sergt. Carson, chairman of the floor committee, and his committeemen, received attention daily for three weeks past, and was last night in perfect condition when the orchestra opened the proceedings with the first number on the programme. In all there were twenty-two dances on the programme with half a dozen extras, and till the end of the programme all present obtained the greatest satisfaction from the excellent music provided by the Turner orchestra of ten pieces. Prof. Turner imported the music direct from New York and much of it had never before been played here in public.

Between the hours of 10 p. m. and 2 p. m. a buffet supper, served up in a most elaborate way, was provided by A. Ballinger of the Olympus cafe. A feature of the decorations was found in the supper room, where the artists of the electrical firm of Tuson & Co. had done their best, and the results of their labors called forth flattering comments from the guests. The floral decorations on the supper table and throughout the building were supplied by H. Callow and Mrs. Flewin, while the bunting used in the building was lent for the occasion by A. Virtue and John Day.

The success of the affair was even greater than that of the first annual police ball held last year, which was at the time pronounced a brilliant affair. The undertaking involved an immense amount of work and trouble, and the happy completion of the plans taken has proved most satisfactory to the various committeemen who had charge of the arrangements. All had worked hard and well. The whole arrangements were carried out without confusion, and from a social and a financial standpoint the ball was all that the department hoped for. Every ticket issued was sold more than a week prior to the event.

The invited guests were: His Honor the Lieutenant-Governor and Mrs. Patterson, Premier and Mrs. McBride, Hon. James Dunsmuir and Mrs. Dunsmuir, Mayor and Mrs. Morley, Mr. and Mrs. Leonard Tait, Alderman and Mrs. H. F. Bishop, Chief Justice and Mrs. Hunter, Chief Justice and Mrs. Macdonald, Mr. Justice and Mrs. Martin, Mr. Justice and Mrs. Irving, Mr. Justice and Mrs. Clements, Mr. Justice and Mrs. Morrison, Mr. Justice and Mrs. Galt, Mr. Justice Gregory, Judge Lampman and Mrs. Lampman, Hon. W. J. Bowser and Mrs. Bowser, Alderman and Mrs. Russ Humber, Alderman and Mrs. Angus McKeown, Alderman and Mrs. W. P. Fullerton, Alderman and Mrs. W. M. Ross, Alderman and Mrs. W. J. Mable, Alderman and Mrs. P. A. Raymond, Alderman and Mrs. A. G. Sargison, Alderman and Mrs. W. H. Langley, Alderman and Mrs. M. Bannerman, Mrs. Chief Davis and Mrs. Davis, Superintendent of Provincial Police F. S. Hussey, Inspector and Mrs. Colin Campbell, Sergeant and Mrs. Murray, Major and Mrs. Muttter, Chief and Mrs. R. G. Chamberlain (Vancouver), Inspector and Mrs. Mulhern (Vancouver), Mr. and Mrs. John Jackson, Chief and Mrs. C. W. Wapenstein (Seattle), Capt. Charles Tennant and Mrs. Tennant (Seattle), Mr. and Mrs. James Crosson, Hon. and Mrs. A. E. Smith, Senator and Mrs. Riley, Hon. William Templeman and Mrs. Templeman, Mr. B. C. Nicholas, Mr. and Mrs. G. H. Barnard, Mr. and Mrs. Angus Smith, Mr. and Mrs. F. A. McDermid, Dr. and Mrs. G. A. B. Hall, Mr. and Mrs. Wellington Dowler, Mr. and Mrs. James L. Raymur, Mr. and Mrs. W. Northcott, Mr. and Mrs. E. C. Smith, Mr. and Mrs. T. Lancaster, Dr. and Mrs. Hasell, Dr. and Mrs. Lewis Hall, Mr. and Mrs. Noah Shakespeare, Mr. and Mrs. J. C. Newberry, Mr. and Mrs. G. L. Milne, Mr. and Mrs. Riff, Mr. Burford, Mr. E. Huestis, Mr. and Mrs. J. S. H. Matson, Mr. and Mrs. W. E. Blakemore, Mr. J. W. B. Macdougall, Mr. and Mrs. G. Palmer, Mr. and Mrs. David Spencer, Jr., Mr. and Mrs. G. A. Fraser, Mr. and Mrs. H. B. Robertson, Mr. and Mrs. D. Helmcken, Mr. and Mrs. Ian St. Clair, Mr. and Mrs. Clifford Denham, Mr. S. M. Clements, Chief of Police G. T. Bagshaw and Mrs. Bagshaw (New Westminster), Mr. and Mrs. H. J. Warwick, Mr. and Mrs. George Sangster, Mr. and Mrs. Robert Dunn, Mr. and Mrs. D. N. McIntyre, Mr. and Mrs. George Simpson, Mr. and Mrs. Harry Gibson, Mr. and Mrs. Albert Collis, Mr. and Mrs. A. T. Goward, Mr. and Mrs. Charles Kent, Mr. and Mrs. W. Scowcroft, Mr. and Mrs. C. H. Dickie (Duncan), Mr. and Mrs. Bassett, Dr. and Mrs. S. E. Toimie, Mr. F. J. MacKenzie, M. P. P. Mr. and Mrs. Wallace Flewin, Mr. and Mrs. J. S. Adams, Mr. and Mrs. T. Donovan, Mr. and Mrs. Harry Gibson, Mr. and Mrs. Albert Collis, Mr. and Mrs. A. T. Goward, Mr. and Mrs. Carl Lowenberg, and Mr. and Mrs. John M. McIntosh.

MONTEREY PLACE

CHARM HEALTH ECONOMY CONVENIENCES

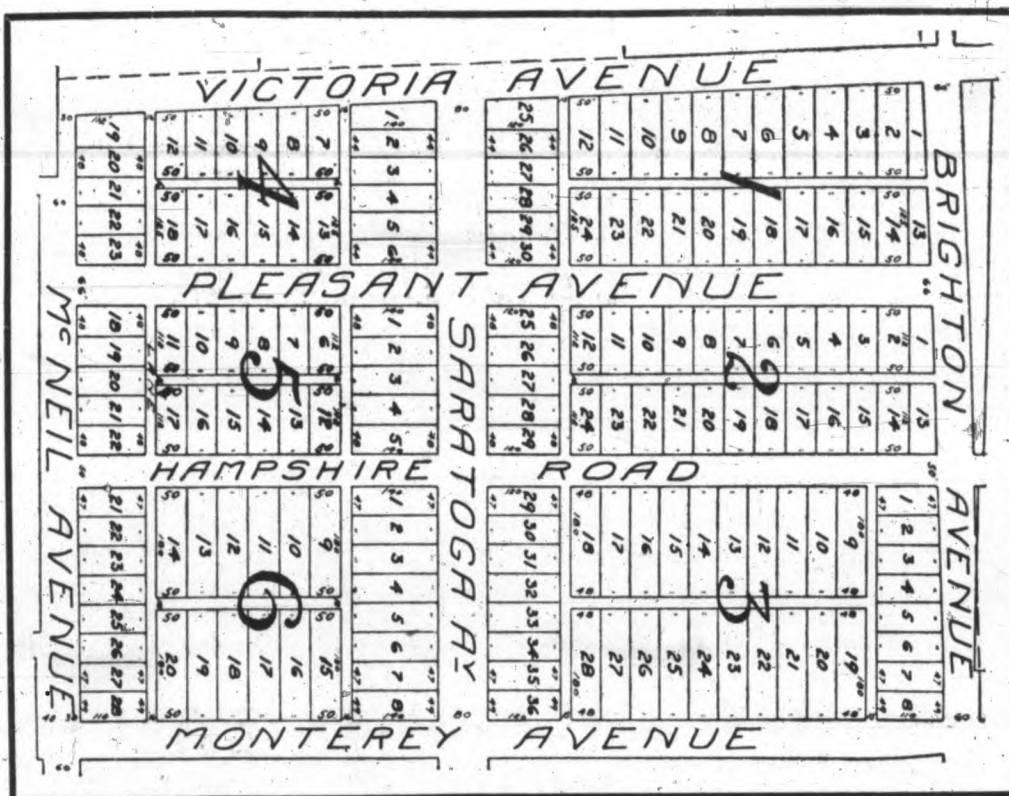

These are a few features in which Monterey Place excels.

The charm of situation will delight you.

There's no more healthy spot anywhere. Within a few minutes of beautiful sea beaches yet sheltered from the cold and disagreeable winter winds that are a disadvantage of some seaside home-places.

There's a great economy in buying these lots—they are large in size and the prices are reasonable—and it doesn't cost much to hold them, the taxes being exceptionally light.

You don't have to wait for improvements. You can enjoy every convenience of the modern city, NOW. Lots are ready to build on. No clearing of stumps or blasting of rock necessary to clear a spot to put a house, and you can connect with sewer and water at once.

Come in today and let us give you further particulars and show you photographs of the property, or, better still, let us show you the property. There's no obligation to purchase incurred in an inquiry.

Now is the time to secure a lot, even if you do not wish to build for a year or two. They'll never be cheaper than now, and Monterey Place is the last really desirable property obtainable in this district.

Prices start at \$550, with terms of 1/4 cash and balance in 6, 12, 18, 24 and 30 months.

BRITISH PARLIAMENT MAY BE DISSOLVED

(Continued from page 1.)

Resolutions Adopted.

London, Nov. 13.—In the House of Lords yesterday, Lord Curzon strongly urged the adoption of the Rosebery resolutions as a practical and generous plan for a reformed upper house in which the hereditary element would not exercise a preponderant influence. Baron Courtney, who is regarded as

a constitutional authority, and who is a staunch Liberal, thought the resolutions vague, and disagreed with the view of the government that the constitutional conference having failed it was impossible for parliament to reach an agreement. He deplored that a threat had been to take the matter out of the hands of parliament and to appeal to the man in the street.

The resolutions were carried without division.

Unionist Policy.

Nottingham, Eng., Nov. 13.—Arthur J. Balfour, leader of the opposition in the House of Commons, addressed a

political gathering here last night. It was on account of this engagement that Premier Asquith consented to delay the presentation of his official statement until to-day. Mr. Balfour dealt with the present crisis and outlined the policies of the Unionists.

Tariff reform, he said, still stood as the great constructive policy to which the Unionists are committed, but if the benefits therefrom were only purchasable by throwing the burden on the wage earners, he would not touch it. The Unionists proposed to wage no defensive warfare, but to show the country they had an imperial and domestic policy carrying in final advantage to it.

He advised his audience not to believe unauthorized reports concerning the proceedings of the veto conference, and said if the Unionist party had agreed on the only terms that would have made an agreement possible, they would have betrayed their cause. He considered that the House of Commons should be the dominant element in a two-chamber system, and that dissensions arising between the two chambers should be submitted for the people's arbitration. In the opinion of the speaker, the

House of Lords' membership should be reduced to men of public service. There should also be an element elected by the peers and another element equal to the other two, representing the great bodies of public opinion.

He opposed a wholly elective second chamber, because it would usurp the position of the first.

EMPERESS BRINGS BIG SILK CARGO

Shipments on White Liner Worth Over \$1,600,000—Few Passengers

With one of the smallest passenger lists carried by a white liner this year, R. M. S. Empress of China arrived from Hongkong via way ports last night after a voyage marked by little of an eventful nature. The Empress brought 15 aulon and 174 steerage passengers and a big cargo, which included 3,014 cases of raw silk, 82 cases of wild silk, and 249 cases of silk goods valued at over \$1,600,000, and the first shipment of Japanese oranges of this season.

In addition to silk the liner brought 27 cases of pongees, 3,586 cases of tea, 86 boxes of straw braid, 52 rolls of matting, 1,106 bags of rice and beans, 26 cases of gunnies, 6 bales of skins, 2 cases of human hair, 2,366 packages of bulbs and plants, 44 slabs of tin, 425 cases of pineapples, 119 cases of eggs, 200 cases of silk cocoons and 14,945 cases of Japanese oranges.

Hon. W. W. Vivian, a C. P. R. director, and Hon. Violet Vivian were among the passengers. They are proceeding to Europe after a tour of the Orient. The other saloon passengers were Lieut. M. S. Clarke, R.N., and Paymaster C. Roe, R.N., on leave from

thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them. 25c. a box.

the China squadron, G. A. Cockburn, M. Katsenstein, Henry Levy, B. Robinson, Sydney Cohen, Miss B. Breckenridge, Miss E. Hamilton, A. M. Thomson and Mr. and Mrs. von Voightlander, nineteen Chinese steerage, of whom seven were newcomers and had to pay head tax, landed here. Singapore newspapers received by the Empress of China state that the Chargeurs-Reunis liner Admiral Oly, Capt. Privat, recently arrived at that port with fire in her bunkers and in the forehold. The flames were kept from spreading by the crew until the steamship reached port, when the dock fire brigade, assisted by British blue-jackets, speedily extinguished them. The cargo of the vessel was considerably damaged.

PROTECTION OF PUBLIC HEALTH

Dr. C. F. Fagan Reports on Result of Recent Conference at Ottawa

Following are extracts of general interest from the report of Dr. C. F. Fagan, secretary of the provincial board of health, on what was accomplished at the recent Dominion health conference at Ottawa, to which he was a delegate.

At the first meeting, after an address by the Honorable Mr. Sifton, four committees were appointed, with the object of reporting on the following questions:

(1) The position of waterways; (2) tuberculosis; (3) harmonizing of provincial health laws; (4) formation of a central public health council and the establishment of a national laboratory. Committee No. 1 reported on the pollution of waterways. The need for action in this matter is apparent to all, and calls for no comment from me. I merely beg to draw attention by repeating the recommendation advanced by this committee to the authorities of the different provinces:

"No by-law providing for the raising of money for the construction, operation or extension of any system of waterworks or common sewer or system of sewerage or sewerage disposal shall be submitted to the votes of the electors by the council of any municipality, until the consent of the commissioner of public health, or of the provincial board of health, as the case may be, to the proposed construction, operation or extension has been obtained, and the preamble to every such by-law shall declare that such consent has been duly obtained; no de-benture shall be valid if issued under any by-law passed in contravention of this section."

Committee No. 2 reported by pointing out the dreadful devastation to human life by reason of the presence of tuberculosis among our people, and showing how certain lines of action successfully worked towards the final eradication of this disease, and appealed to the federal authorities to give substantial assistance.

Hon. Mr. Sifton recommended that the federal government be asked to grant or procure large areas of lands in each of the provinces, these lands to be divided up into sections in accordance with the use to which they are to be put, and leased to conscription.

This suggestion of Mr. Sifton's was received with strong approval. The idea is a noble one, and fills the want apparent to everyone taking an interest in this question. Beyond doubt, it is the one link missing in the chain of action already adopted in all civilized countries, and if the Dominion government act in accordance with the Hon. Mr. Sifton's suggestion, they will place Canada and our Canadian people in a position to which no other country has been able to attain. Committee No. 3 brought in a report on the harmonizing of provincial health laws. This report could hardly be expected to deal definitely with a question of this kind at such short notice as was given them. But on one question the committee felt that they were called to report, and made the following recommendation which was unanimously adopted:

"That the vital statistics of each province be placed directly under the supervision of the provincial health authorities of each of the provinces."

Committee No. 4, on the establishment of a central public health council and national laboratory, recommended that a meeting of health representatives from every province in Canada be held in Ottawa at least once every year.

Attention was called to the quarantine and immigration services. As at present handled, these services are under the charge of two separate and distinct sets of officers. It has been pointed out that this was not only needlessly extravagant, but was often a hardship and delay to travellers. Medical examination is undergone at the quarantine station, and must again be submitted to a few hours later at the immigration office. Such action naturally does not appeal to the public, and it was advanced to the conference that experience plainly demonstrated the necessity of placing these services under one head and one medical officer.

PAGEANT PERFORMERS.

The programme of the Pageant of London in connection with the Festival of Empire at the Crystal Palace, next summer has been considerably enlarged since its postponement through the death of King Edward. The services of nearly 30,000 performers will be necessary and a considerable number of scenes and tableaux are to be added.

The scenes will deal with the most important events in British history, beginning with prehistoric times and closing with a grand "Masque Imperial" in which the mother country supported by her over-seas dominions, will be represented.

little house-maid says now is the time to drive a bargain in furniture

Copyright 1907 by R. F. Outcault, N.Y.

All the year round we never sell a piece of Furniture that is not priced at its lowest—never having a Special Sale proves this. Our Furniture is of the best (as everybody knows) and it is priced right down to rock bottom and if we were having a sale and telling you we were selling below cost it would not be right. We like to make our reasonable profit and treat our patrons well and give you good value for your money and you only want to buy here once to find out what we say is correct. Of course we don't say you cannot drive a bargain in Furniture with us, because you can. If you come into our store today we believe you will be able to do this. Come and try.

WE HAVE NEW GOODS ARRIVING EVERY DAY. COME AND SEE THEM.

Beautiful Bedroom Squares

Not only have we the Best Bedroom Furniture, but we also have the Best Bedroom Squares, and an assortment to choose from that will surprise you. Good bedroom furniture is often spoiled by a cheap carpet square, but if you buy your furniture here and your carpet squares, you are getting everything of the best, and they will all harmonize. We have salesmen who can give you suggestions and will go to no end of trouble to satisfy your wants. Deal at our store, where it is a habit to treat our patrons right.

Brussels Squares

The Brussels Squares are the finest squares for the bedroom. They are exceptionally good wearing and the colorings are perfect. The designs are unequalled. If you have a bedroom that you want a color scheme carried out, we are the people you are looking for. Here are a few prices:

SETTLERS FOR THE SAN JOSEPH VALLEY

Thirty Additional Families to
Arrive in Spring—Work
Coal Lands

Alberni, Nov. 17.—A colonization agent who recently spent some time in the San Josef valley, and who pre-empted homesteads for various clients, is due to return next spring with 20 families who will settle on the land. At present there are 40 families engaged in farming in the valley.

Systematic prospecting work on coal lands in the vicinity of Quatsino is being actively prosecuted, and the people engaged in the venture are meeting with the best of encouragement. So reports H. C. Rayson, government agent, who has returned to Alberni from a trip to the north end of the island. At the end of the colony trail six men are at work with a diamond drill, and have bored a number of holes, one about two hundred feet deep. The drillers are working towards the San Josef valley over a territory which, years ago, was declared by Dr. Dawson to contain the best indications of coal on the west coast. On the west arm of Quatsino Sound another party of men is at work sinking shafts and driving tunnels.

Arrangements have been made for the building of a sawmill at Quatsino this winter. Behind this enterprise are James Guyer and Gustave Moerman, both residents of Quatsino. The mill men will start in a small way catering principally to the home market.

VOTE DELAYED.

Phoenix, Ariz., Nov. 17.—Prohibition and woman suffrage will not be submitted to the people of Arizona at the time the new constitution is voted upon. The propositions for the separate submission of the liquor question and equal suffrage were defeated by the constitutional convention after preliminary skirmishing that has lasted nearly a month. The vote in the convention against the submission of statewide prohibition to a statewide vote was 33 to 15. One Republican and 14 Democrats voted "dry."

The vote against suffrage of women was 20 to 19. The party vote on this measure was split.

Y. M. C. A. FUNDS.

Winnipeg, Nov. 17.—Total subscriptions to the Y. M. C. A. fund reached \$176,018 at 12.30 to-day, or just over half the desired amount which is set to be obtained by midnight on Tuesday.

STEAMERS COLLIDE IN DENSE FOG

Panic Among Passengers on
Board Two Big Liners at
New York

New York, Nov. 17.—Hundreds of passengers narrowly escaped death in a collision between the steamers Princess Frederick Wilhelm and La Lorraine in the North river here early to-day. The two gigantic vessels rammed together in a dense fog, throwing those on board into a frenzy of fear. Engines were reversed and the vessels parted. A gaping hole was in the stern of the Frederick but the vessel was able to get back into her slip without assistance. The Lorraine's bow was damaged.

Passengers hastily strapped on life preservers after the collision and it was only after much persuasion that some of the more excitable of them were prevented from leaping overboard.

The captain of the Frederick blamed the Lorraine's captain. The latter said the accident was unavoidable.

VETERANS REORGANIZE.

Nelson, Nov. 17.—After an honorable and successful career, the South African Veterans' Association of Nelson disbanded and its members reorganized as the Nelson Company of the Imperial Veterans' Brigade, the new veterans body that has just arisen in Canada, and the organization of which is now in progress. The local association had 29 names on its roll when it disbanded. Immediately after, 29 ex-members signed the rolls of the Nelson company of the new organization, and the roll, because the constitution is now wider, will doubtless soon exceed that of the late independent association.

With the disbanding of the old association, A. Haselden, who has been its efficient head, laid down the presidency and refused re-election as he expects to move to Vancouver. The constitution of the Imperial Veterans' Brigade was regularly adopted and under its provisions officers were elected as follows: Captain, Major Lorne Stewart, served with the Canadian in South Africa; senior lieutenant, C. Hyde, served with the West Riding regiment of England; junior lieutenant, W. Holmes, with the C. I. V. in South Africa. By the constitution, the captain of a company discharges the duties of president, while the junior lieutenant acts as secretary.

INSTALLING COLD STORAGE PLANTS

G. T. P. Steamers Being Equip-
 ped—Wireless Newspaper
 for Hawaiian Trip

Workmen are at present installing
 a cold storage plant with a capacity
 of 2,000 cubic feet on the Grand Trunk
 Pacific steamer Prince George which
 is now lying at the docks here. It is
 understood that the Prince Rupert
 will be similarly fitted when she comes
 off the northern run next month to
 be overhauled for the excursion to the
 Hawaiian Islands next February. The
 plant will give the steamers facilities
 for the carrying of fresh meats and
 perishables at present unequalled on
 the B. C. coast, although the C. P. R.
 has one steamer, the Amur, which car-
 ries cold storage apparatus.

Bookings for the Northwestern Com-
 mercial excursion on the Prince Rup-
 ert to Honolulu and other ports in
 the Hawaiian Islands are being made
 in Victoria, Vancouver and the Sound
 cities and there is every prospect that
 every berth will be taken when the
 steamer sails. Tickets are being sold
 locally by W. E. Duperow, G. T. P.
 passenger agent, and E. E. Blackwood,
 general steamship agent.

The G. T. P. has announced that the
 wireless apparatus on the Prince Rup-
 ert will be enlarged for her trip across
 the Pacific, the radius being increased
 in order to allow of constant com-
 munication with this coast and Hono-
 lulu. Arrangements will be made to
 publish a daily newspaper on the
 steamer, giving condensed news dis-
 patches. This will be the first time a
 newspaper has been published on
 board ship on the Pacific.

A solder to substantially fasten
 pieces of glass together may be made
 by melting together ninety-five parts
 of tin and five of copper.

FOUR STEAMERS FOR ROYAL LINE

WEEKLY SERVICE
 CANADA TO BRISTOL

All Steamship Companies In-
 creasing Fleets—Faster
 and Larger Vessels

The Canadian Shipping Companies
 are all making preparations for pro-
 spective increases to their business by
 building or purchasing steamers.
 The Canadian Northern Company,
 which operates the Royal Line from
 Bristol, has decided to run a weekly
 service. This concern has acquired
 control of the steamer Volturno, a
 vessel which has accommodation for
 1,800 passengers, and which at pre-
 sent maintains a service between New
 York and Rotterdam. In addition to
 the Royal Edward and the Royal
 George, a fourth boat will be avail-
 able when navigation resumes.

The Canadian Pacific Company has
 practically completed arrangements for
 placing larger and faster steamers on
 the Atlantic and the Pacific. The
 construction programme includes two
 liners for the Atlantic and two for the
 Pacific. It is expected that they will
 be faster than any other vessels at
 present on service.

The Allan Line has just issued
 specifications for three new boats. It
 is stated that they will have a length
 of 685 feet, which is over 160 feet
 longer than the Victorian and Vir-
 ginian, which were built in 1905. The
 intention of the company is to enable
 travellers from Liverpool to Quebec
 to reach their destination as quickly
 as those who have New York for their
 objective, and although it is not sug-
 gested that the new liners—they are
 to be propelled by turbines—will equal
 the speed of the express Cunarders,
 the shorter route to the St. Lawrence
 will enable them to perform their pas-
 sage in the same time that the Cunard
 " flyers" are covering the longer route.
 The small contract question is, of
 course, an important factor, and the
 steamship lines expect that a decision
 with regard to this will be reached
 early next month. A report is, how-
 ever, current to the effect that on the
 expiration of the present agreement
 in 1912, mail matter will be carried on
 the poundage basis, which would ad-
 mit all the companies with regular
 fast-sailing boats to share the bene-
 fits on an equal footing, and provide
 an almost daily mail service.

MALICIOUS DAMAGE TO RAILWAY PROPERTY

Apprentices Say They Acted at
 Instigation of Union
 Officials

Kansas City, Nov. 18.—Sworn
 confessions that they maliciously de-
 stroyed machinery at the instigation
 of high officials of the local machin-
 ists union, were issued yesterday by
 P. E. Sweeney and W. G. Owens,
 former employees of the Missouri Pa-
 cific railroad in its shops at Sedalia,
 Mo. The men were convicted of mal-
 icious destruction of property and
 each was sentenced to six months in
 jail.

According to their confessions, they
 placed steel filings and emery dust in
 the bearings of locomotives and other
 machinery at the instigation of strike
 leaders.

Railroad officials here assert that
 arrests will be made here and at St.
 Louis as a result of the alleged con-
 spiracy. Railroad detectives charge
 that a wholesale plot was under way
 to do damage to thousands of dollars
 worth of railroad property, and claim
 that some of the biggest union leaders
 in Missouri are involved.

Sweeney and Owens were appren-
 tices in the shops at Sedalia. They
 declare that on the night of November
 7 they placed capsules containing
 emery dust and steel filings in the oil
 boxes of a Missouri Pacific passen-
 ger engine and that the driving rod
 of the engine was broken before it left
 the yard. Railroad officials declared
 to the courts that had the train been
 running at a high rate of speed the
 filings and emery would have caused
 an accident and perhaps loss of life.

The railroad officials declared that
 the prisoners confessed to other at-
 tempts, one at Argenta, Ark., Novem-
 ber 14, where, while working on a
 cylinder of a locomotive they were ar-
 rested. Capsules filled with filings and
 emery dust were found in their cloth-
 ing.

BOY DROWNED

Juneau, Alaska, Nov. 18.—While at-
 tempting to swim to his boat, which
 had become surrounded by deep water
 by the incoming tide, Claude Web-
 ster, the 15-year-old son of Edward
 Webster, manager of the Juneau Tele-
 phone Company, was drowned at
 Knudson Bay, a few miles from here.
 Webster had left his boat stranded
 on the mud at low tide while he went
 off on a duck hunting expedition.
 When he returned he found the tide
 flowing in and his craft several feet
 from the water's edge. The weight of
 his clothing and heavy shoes proved
 too much for him, and he sank be-
 fore he could reach the boat. The
 body has been recovered.

Municipal Notice!

The City of Victoria, B. C. Waterworks Loan By-Law, 1910; The \$50,000 Fire Protection By-Law, 1910;

The Permanent Sidewalk and General Construction (No. 24) Local Improvement Assessment By-Law, 1910.

I hereby give notice that such of the electors of the Municipality of the City of Victoria as are entitled to vote on a by-law for raising money upon the credit of the municipality, are requested to attend at the polling place, known as Nos. 1417 to 1419 Broad street (McDonnell's Carriage Works) in the said municipality on Thursday, the 24th day of November, 1910, from 9 a. m. to 7 p. m., and to record their votes for or against the passing of the said by-law.

To light Yates street from Government street to Douglas street by means of electric light poles bearing branch lights and necessary conductors for carrying wires underground (including maintenance).

And that the said works shall be carried out in accordance with the provisions of the Local Improvement General By-Law and amendments thereto, and the City Treasurer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council.

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C.

City Clerk's Office, Victoria, B. C., November 15th, 1910.

NOTICE

Notice is hereby given that application will be made to the Board of Licensing Commissioners for the City of Victoria at its next sitting for a transfer of the Liquor License from John A. Wallis to Dolly Amelia Wallis, in respect of the premises known as the "Avenue Retreat" (now "The Auto") Saloon, situated at the corner of Burnside Road and Douglas Street, in the City of Victoria aforesaid.

Dated this 12th day of October, 1910.

MAY BUILD SMELTER AT OBSERVATORY INLET

Granby Company is Testing Property on Which Bond Has Been Taken

Prince Rupert, Nov. 17.—The attention of the Granby Mining & Smelting Company has now been attracted to the north and by next spring active work may be commenced upon a smelter on Observatory Inlet. This is the result of the recent completed by which the Granby company takes a bond on the Hidden Creek group of mines controlled by M. K. Rodgers. The representatives of the Granby company together with Mr. Rodgers, reached the city by the G. T. P. steamer Prince Rupert a few days ago. On reaching here they transferred to the steamer Venture, which was waiting their arrival and a little later left for Goose Bay where the mines concerned in the transaction are located.

The property will be subjected to a thorough test in order to satisfy the holders of the bond. Should the results be up to the expectations, a smelter will be constructed, and the ore will be treated on the ground. The matte will be sent to the Granby smelter at Grand Forks. A force of about twenty-five men will be employed at the mines and the most of these who are under the charge of Mr. White went north on the Venture with the remainder of the party.

Interviewed upon their arrival here the officials of the Granby and Mr. Rodgers gave the information contained above. There was no attempt on the part of any of them to exaggerate the position. The matter is one of business purely, and the Granby company is undoubtedly well satisfied with the outlook or they would not have taken the steps they did.

The bond which has been given by Mr. Rodgers is for \$400,000, and represents a four-fifths interest in the Hidden Creek mines. These have been worked for some time by Mr. Rodgers, who has the greatest faith in them himself.

About \$250,000 has been expended in opening up the ore bodies, erecting wharves and installing a sawmill and an eight-drill compressor plant. According to the report of the Granby expert on which the bond was placed, the Hidden Creek group has now in sight 400,000 tons of copper ore averaging three and one-half per cent, with subsidiary values in gold and silver equal to those occurring in the Granby mine.

Two of the ore bodies have been proved to have a width of thirty feet and one hundred feet respectively. They have been tapped by cross-cut tunnels at a depth of 200 feet. Several ore shipments have been made.

W. Yolen Williams, consulting engineer of the Granby corporation and who laid out and for years directed the

vest operations of the company at Phoenix, was a member of the party. He has gone north to see the work well under way.

If the bond is taken up a smelter will be erected at tidewater near the property.

A 30 per cent. matte will be shipped to the converter in the company's smelter at Grand Forks. It will then be converted into a 99 per cent. matte, virtually pure copper and this product, in turn, will be shipped to a New York refinery in order to extract the gold and silver values by the electrolytic process.

The Venture carried some machinery north for them also. Supplies were included in the freight and compressor drills. Work will commence at once.

COMPTROLLER AND ENGINEER DISAGREE

Vancouver Officials Differ Regarding Principle of Carrying Out Work

Vancouver, Nov. 17.—All improvements of streets coming under the hand of local improvements and which were presented for consideration of the board of works, were held over, the city comptroller being adverse to the expenditure on the principle under which it was proposed to carry out the work. Before any work under local improvements can be carried out it is essential that both the engineer and comptroller shall be agreed and having regard to the fact that the latter has strenuously objected, the board of works, cannot, according to law, proceed. The matter therefore lies in abeyance pending a report being submitted as to what manner the principle of the carrying out of the work shall take.

One of the projects which is embraced in this subject concerns the construction of a pavement on Broadway from the east side of Granville street to the west side of Bridge street. The city engineer reported that the work would probably cost \$167,099. Another one concerned the construction of a pavement varying in width from 58 1/2 feet to 42 feet on Broadway from the west side of Bridge street to the west side of Ontario street. The cost of this work was estimated at \$48,442.

In connection with local improvements the city engineer also reported that he wished to withdraw his recommendation contained in the sixth report of the committee on works, dated April 8, 1910, and confirmed by the city council on April 11, 1910, for the construction of a concrete sidewalk on the south side of Broadway from Fir street to Cypress street, and submit in lieu thereof a recommendation for a concrete sidewalk twelve feet wide, on both sides of Broadway from Granville street to Trafalgar road, except nine feet on the south side and nine feet on the north side, at the C. P. R. right of way.

He also recommended that cement concrete sidewalks be constructed on the streets mentioned in the schedule as local improvements on the initiative principle. In case the actual cost exceeds or falls short of his estimate as mentioned in the schedule he recommends that the shares of the actual cost to be paid by the city and by local assessment be in the proportions indicated therein.

The minister has requested the Chinese chamber of commerce at San Francisco to file a complaint and send a detailed account of the circumstances. Upon receipt, they will be laid before the state department with a request for action.

REMOVAL NOTICE.

T. Lewis, contractor, has removed from 730 Fort street to larger premises, 555 Cormorant street (Phone 1117), where he will continue to undertake alterations and repairs in all branches of the building trade.

CALIFORNIA SIGHT PLACES

IN the Winter season the mind turns to thoughts of California, with its palms and roses and flowers, the joys of the great beaches with their immense hotels.

It is a land that every one must visit once, and a land that, once visited, is never forgotten, but oft returned to.

The old missions, the famous ostrich farms, the great Yosemite, the wonderful island of Catalina, the beautiful village of Paso Robles, with its mud baths and its wonderful curative Springs of Lythia and Sulphur, one of the world's great health resorts—all these are but a few of California's winter attractions.

Shake off the oppression of the long, dreary days of winter, and visit the land of sunshine.

The palatial "Shasta Limited," fast, fleet, finest of western trains, will carry you to California in comfort, and at reasonable rates.

ROUND TRIP RATES to Los Angeles, good for six months—

from Seattle, \$56.20

from Tacoma, \$63.70

from South Aberdeen, \$63.90
